

SHURSEAL® AUTOMATED PACKAGING SOLUTIONS RECOMMENDED LUBRICANTS AND ADHESIVES

For best results, and to extend the life of your ShurSEAL automated Packaging Solution, we recommend the following products for general maintenance:

KNIFE OIL PAD LUBRICANTS

- **3-IN-ONE® MULTI-PURPOSE OIL**
 - Non-aerosol multi-purpose lubricant
 - For use only in environments that do not need to comply with FDA standards
- **CRYSTAL PLUS TECHNICAL GRADE MINERAL OIL 70 - STE OIL COMPANY, INC.**
 - For use in environments that must comply with US FDA regulation 21 CFR 178.3620
 - Meets USDS requirements for H-1 lubricants for incidental food contact
- **LOCTITE® LB 8632 HIGH PERFORMANCE SYNTHETIC GREASE**
 - For use on clutch roller bearing
 - NSF H1 rated for incidental food contact

ADHESIVES/THREADLOCKER

- **J-B WELD® MINUTEWELD™**
 - Clear 1-minute epoxy
 - Used to attach the oil felt pad to the knife guard
- **LOCTITE® 242 REMOVEABLE THREADLOCKER**
 - General-purpose, removeable threadlocker
 - Approved for use in or around food processing areas
